

Pediatric Surgeons of Nemours/Alfred I. duPont Hospital for Children

1600 Rockland Road | Wilmington, DE 19803 | Tel: 302-651-5999 | Fax: 302-651-5990

Caring for each child as if they were our own. Members of the Division of Pediatric Surgery at the Nemours/Alfred I. duPont Hospital for Children diagnose and treat surgical conditions in neonates, infants, children, and adolescents. Diagnoses include newborn anomalies and surgical conditions of infancy and childhood.

The Division is staffed by a team of physicians who are certified by the American Board of Surgery, with special competency in pediatric surgery. Their areas of expertise range from gastrointestinal diseases (i.e., gastroesophageal reflux, inflammatory bowel disease, and gallbladder disease) to tumors, newborn surgery (including the neonatal Extracorporeal Membrane Oxygenation Program [ECMO]), laparoscopy, and thoracoscopy. Perinatal consultations are available through the Nemours Partners for Perinatal Management Program at the Nemours/Alfred I. duPont Hospital for Children. Twenty-four-hour pediatric surgical care is provided through the Nemours/Alfred I. duPont Hospital for Children's Emergency Room, as well as Emergency Rooms in partner facilities.

Dr. Dunn

Stephen P. Dunn, MD is Chief of the Divisions of General Surgery and Solid Organ Transplantation at Nemours/Alfred I. duPont Hospital for Children. He is a Professor of Surgery at Jefferson Medical College. Dr. Dunn is a graduate of Indiana University School of Medicine and trained in General Surgery at the same institution. He completed a Pediatric Surgery fellowship at St. Christopher's Hospital for Children in Philadelphia in 1987 and remained on staff there until 2000. His clinical interests are liver and biliary surgery. Dr. Dunn has extensive experience in pediatric renal and liver transplantation, including live donor liver transplantation.
