### Coming to Orlando in 2012: Nemours Children's Hospital and Health Campus

The 2012 opening of the Nemours Children's Hospital in Lake Nona's medical city increases our research and clinical care capabilities in Central Florida and beyond.

Serving as a hub, our new 95-bed hospital will be part of a 60-acre, fully integrated health campus anchored by a state-of-the-art children's hospital along with a new Nemours Children's Clinic, an ambulatory diagnostic center and extensive research and education facilities.
