Join us for the second biennial

DREAM IPC Conference 2019

September 19-20, 2019
The Chase Center on the Riverfront
Wilmington, DE
Overview

The second biennial Developing and Researching Advanced Models of Integrated Primary Care (DREAM IPC) Conference will be held September 19-20, 2019 at the Chase Center on the Riverfront in Wilmington, Delaware.

The mission of the second biennial DREAM IPC Conference is to provide a platform on which innovative clinical practices and research in the field of pediatric integrated primary care can be shared with other medical and behavioral health providers, researchers and trainees interested in integrated primary care (IPC).

Join us for stimulating plenary addresses, expert panels and blitz presentations. Don’t miss out on unique networking opportunities as well as our career and training fair. NEW for 2019, we will be offering skills-building workshops, peer-reviewed symposia and a research roundtable.

The DREAM IPC Conference offers:

- The DREAM IPC conference is accredited by the Delaware Psychological Association (DPA). The DPA designates this live activity for a maximum of 10 CE credits including 1 credit under the classification of Ethics.
- Nemours designates this live activity for a maximum of 10 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
- Breakfast, lunch, snacks, and beverages will be provided for both days of the conference.

Objectives

At the conclusion of this program, participants will be ready to address several key issues important to pediatric integrated care. They will be able to:

- Describe examples of prevention and intervention strategies to address the broad continuum of healthcare needs (e.g. wellness promotion and identifying risk).
- Recognize ethical dilemmas and discuss ethical challenges in pediatric IPC.
- Be aware of issues related to diversity and cultural sensitivity in clinical primary care practice.
- Discuss and implement cutting-edge IPC screening and clinical service programs.
- Educate stakeholders about innovations in behavioral health training and quality improvement initiatives.

Disclosure Policy

As a provider accredited by the ACCME, Nemours must ensure balance, independence, objectivity and scientific rigor in its educational activities. In accordance with the Accreditation Council for Continuing Medical Education’s Standards for Commercial Support™, all planners, teachers, and authors involved in the development of CME content are required to disclose their relevant financial relationships that might be germane to the content of the activity. An individual has a relevant financial relationship if he or she (or spouse/partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest* whose products or services are discussed in the CME activity content over which the individual has control. Nemours has policies/processes in place to resolved potential financial conflicts of interest.

*The ACCME defines a “commercial interest” as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests.
Americans with Disabilities Act

In accordance with the Americans with Disabilities Act, Nemours will provide modifications in teaching methodologies to accommodate individual needs. To request disability accommodations, contact the Office of Continuing Medical Education at least 15 days in advance of the program at 302-651-6750.
