

IRB 2016 CALENDAR SUBMISSION & MEETING DATES

Submissions for NEW Projects: New submissions will be assigned to an IRB based upon the date the completed submission is received via IRBNet. The “Submission Periods” for each convened meeting are noted below

Submissions for Ongoing (Open) Projects: All open projects will continue to be reviewed by the IRB of original approval. The deadline date for the submission of materials related to these studies (continuing review, unanticipated event reports, amendments, etc.) is the last date of the “Submission Period” for that IRB.

Please make your submission on a timely basis to ensure adequate time for review, response to stipulations, and approval prior to the expiration date of the project. Expiration date reminder emails are automatically generated by IRBNet at 60 and 30 days prior to the expiration date.
