**To Donate Mutual Fund Shares:**

*These procedures typically take from **two to four weeks to complete**, we urge donors to allow ample time to complete a charitable gift of mutual fund shares. This is particularly important for gifts made at year end. We recommend beginning the transfer in November to ensure completion prior to December 31.*

1. The donor should contact their account representative at the mutual fund company to ask about the process of making a gift of mutual fund shares. Specifically, the donor will want to know whether the mutual fund company has a required form or instructions to initiate the transfer, and whether those instructions will require a medallion signature guarantee.
  
2. The donor should notify the Nemours Fund for Children’s Health (contact info at the bottom of the page) of their interest in making a gift of mutual fund shares. Please provide the following information:
  - Donor Name:
  - Donor Phone #:
  - Mutual Fund Name:
  - Mutual Fund Ticker:
  - Number of Shares:
  - Donor’s custodian/broker/bank Name:
  - Account # at custodian/broker/bank:
  - Contact # at custodian/broker/bank:

By their nature, mutual funds generally are transferred through a change of ownership on the issuer’s books. Unlike regular stock gifts, they cannot be transferred through the DTC system. **Northern Trust will open a temporary account with the mutual fund company in the Nemours name in order to accept the gift and complete the re-registration process.**

3. With the information provided in step 2, Nemours will send a Mutual Fund Donation Direction Letter to Northern Trust who will complete the shell account setups and provide the delivery instructions to us to pass along to the donor. In the event the donor’s bank reaches out to Northern Trust directly, they will send the delivery instructions to them after they complete the initial setups.
  
4. Once we confirm with the donor that a new account is being established for the purpose of accepting the gift, then and only then should the donor instruct the mutual fund company to transfer the shares to our account.
